If requested to do so by the District, the Grantee shall also furnish the originals or certified copies of the insurance policies for inspection including but not limited to copies of endorsements. All policies of insurance and certificates, with the exception of Professional Liability and Workers’ Compensation Insurance, shall name the Indemnitees as additional insureds. Without limiting the foregoing, the Grantee’s Commercial General Liability Insurance policy shall name the Indemnitees as additional insureds pursuant to ISO Additional Insured Endorsements CG 20-10-10-01 and CG 20-33-10-01 or their combined equivalents. Further, the Grantee shall provide the Indemnitees any defense provided by its Commercial General Liability Insurance policy to the fullest extent allowed by law.

**Section 10.9. Miscellaneous Insurance Provisions.** The Grantee hereby waives all rights of recovery and damages against the Indemnitees to the extent such damages are covered or should have been covered by the insurance obtained or required to be obtained by the Grantee under this Contract. All of the Grantee's policies of insurance, with the exception of Professional Liability Insurance, shall include a waiver of subrogation in favor of the Indemnitees. The Parties intend that the Grantee's insurance shall be primary and non-contributing with respect to any other insurance maintained by the District and all policies of insurance obtained by the Grantee shall be endorsed to be primary and non-contributing with respect to any other insurance maintained by the District. If any policy required to be purchased pursuant to this Article X is subject to a deductible, self-insured retention or similar self-insurance mechanism which limits or otherwise reduces coverage, the deductible, self-insured retention, or similar self-insurance mechanism shall be the sole responsibility of the Grantee in the event of any loss, and the Grantee hereby waives any claim therefore against any Indemnitee. The Grantee shall require and cause its subconsultants, subcontractors and suppliers to purchase and maintain the insurance policies set forth in Paragraph above with limits of liability commensurate with the amount of each subconsultant, subcontract or supplier agreement, but in no case less than \$500,000 per occurrence. The Grantee shall provide copies of insurance certificates for all such insurance to the District prior to any subconsultant's or subcontractor's performance of any work related to the Project. If the Grantee fails to procure or to maintain in force the insurance required by this Article X, the District may secure such insurance, and the costs thereof shall be borne by the Grantee. The Grantee shall reimburse the District the cost of such insurance plus ten percent (10%) administrative charge within ten (10) days after billing by the District. Any sum remaining unpaid fifteen (15) days after billing by the District shall bear interest at the rate of twelve percent (12%) per annum until paid by the Grantee. Except to the extent prohibited by Subchapter C of Chapter 151 of the Texas Insurance Code, the Grantee shall defend, indemnify, and hold harmless the Indemnitees from and against any and all losses, claims, damages, and expenses (including, without limitations, court costs, costs of defense, and attorney fees), that any Indemnitee may incur as a result of the Grantee's failure to obtain or cause to be obtained the specific endorsements or insurance required pursuant to this Contract. Failure of any Indemnitee to identify any deficiency in the insurance forms provided may not be construed as a waiver of the Grantee's obligation to maintain such insurance and to cause such insurance to be maintained. The Grantee's compliance with the provisions of this Article X may not be deemed to constitute a limitation of the Grantee's liability with respect to claims covered by insurance provided or required pursuant to this Article X or in any way limit, modify, or otherwise affect the Grantee's obligation under this Contract or otherwise. The insolvency, bankruptcy, or failure of any insurance company carrying insurance for the Grantee or any subconsultant, subcontractor or supplier, or the failure or any insurance company to pay claims accruing may not be held to waive any of the provisions of this Contract. If requested by the District, the Grantee shall furnish or shall cause to be furnished any such other insurance or limits as the District may reasonably deem necessary for any ancillary agreement or work order related to the Project and the cost thereof shall be charged to the District by appropriate modification of any such agreement(s).

### WITNESSETH:

**WHEREAS**, the Subsidence District was created in 1975 by an act of the 64<sup>th</sup> Texas Legislature and is governed by Chapter 8801 of the Special Districts Local Laws Code, as amended (the "Act"); and

**WHEREAS**, under Section 8801.002 of the Act, the Subsidence District is a conservation and reclamation district created by virtue of Article XVI, Section 59, Texas Constitution, and is a governmental agency and body politic and corporate vested with the full authority to exercise the powers and to perform the functions specified in the Act, and other applicable law; and

**WHEREAS**, under Section 8801.005 of the Act, the Subsidence District includes the territory located within the boundaries of Harris County and Galveston County, as that territory may have been modified under: (1) Section 8801.006 or its predecessor statute, former Section 151.003(b), Water Code; or (2) other law (hereinafter "district territory"); and

**WHEREAS**, under Section 8801.004 of the Act, the Legislature finds that the Subsidence District serves a public use and benefit, and the works and projects accomplished by the Subsidence District under powers conferred by Section 59, Article XVI, Texas Constitution, will benefit all the land and other property included in the district territory; and

**WHEREAS**, under Section 8801.106(a) of the Act, the Subsidence District may make or accept a grant, gratuity, advance, or loan in any form to or from any public source approved by the board, including a governmental entity, and may enter into a contract, agreement, or covenant that the board considers appropriate in connection with a grant, gratuity, advance or loan; and

**WHEREAS**, under Section 8801.113(b) and (c) of the Act, the Subsidence District may cooperate with the commission and any local government to establish water conservation goals, guidelines, and plans to be used in the district territory, and the Subsidence District may contract with a local government in the district territory to provide services needed to meet water conservation requirements that the commission establishes; and

**WHEREAS**, grant applications are sought by the Subsidence District as a means of supporting conservation research, demonstrating projects for innovative water conservation concepts, or implementation of water efficiency measures; and

**WHEREAS**, the objective of the Subsidence District Water Conservation Grant Program is to support the district's mission in advancing water conservation education and adoption of water conservation measures, including priority topics such as residential irrigation best management practices, outdoor watering best management practices, and municipal water loss control; and

**WHEREAS**, pursuant to this Agreement, the Grantee is awarded a Water Conservation Grant and will, as a means of supporting conservation research, implementation of demonstration projects for innovative water conservation concepts, or implementation of water efficiency measures [*briefly describe project*]; and

**WHEREAS**, it is in the public interest that the Subsidence District and the Grantee enter into this Agreement.

**NOW, THEREFORE**, in consideration of the mutual promises and agreements set forth in this Agreement, the sufficiency of which is hereby acknowledged, the Subsidence District and the Grantee agree as follows:

Time is of the essence in the performance of this Agreement.

**1.04 Failure to Complete.** If the Grantee notifies the Subsidence District that the Project will not or cannot be completed, or if the Grantee misses any deadline required by this agreement, or otherwise terminates this agreement, Grantee shall, within thirty (30) days, refund to the Subsidence District all moneys paid to that date and deliver to the Subsidence District all Work Product (as defined below) that was performed or accomplished under this Agreement.
