## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Harris-Galveston Subsidence District  
Houston, Texas

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Harris-Galveston Subsidence District ("the District"), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of December 31, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the Board of Directors  
Harris-Galveston Subsidence District

***Auditor’s Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of District’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about District’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis as listed in the table of contents and the general fund budgetary comparison information as listed in table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Directors  
Harris-Galveston Subsidence District

***Other Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining fund statements are presented for the purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

# **HARRIS-GALVESTON SUBSIDENCE DISTRICT**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

As management of the Harris-Galveston Subsidence District, we offer the readers of the District's financial statements this narrative overview and analysis of the financial activities of the Harris-Galveston Subsidence District for the year ended December 31, 2025.

### **Financial Highlights**

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Harris-Galveston Subsidence District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the Harris-Galveston Subsidence District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g. earned but unused vacation leave).

The government-wide financial statements can be found on pages 12 through 13 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Harris-Galveston Subsidence District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)**

The District maintains three individual governmental funds, all of which are considered major funds. These funds are the General Fund, the Water Conservation Program Fund, and the Science and Research Fund. Information for these funds is presented separately in the governmental funds balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance.

The basic governmental fund financial statements can be found on pages 14 through 17 of this report.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reported in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The District maintains two different types of fiduciary funds. The Pension and Other Post-Employment Benefit Trust Funds are used to report resources held in trust for retirees and beneficiaries covered by the District's Qualified Pension Plan 401(a) and the District's Retirement Health Savings Plan. The Custodial fund reports resources held by the District in a custodial capacity for financial administration of the Groundwater Management Area 14.

The fiduciary fund financial statements can be found on pages 18 through 19 of this report

**Government-wide Financial Analysis**

The assets of the Harris-Galveston Subsidence District exceeded its liabilities at the close of the most recent year by \$16.09 million (Net Position). Of this amount, \$10.36 million (unrestricted net position) may be used to meet the ongoing obligations to creditors.

	<u>\$ 7,522,476</u>	<u>100%</u>

**Capital Asset Administration**

**Capital Assets.** Harris-Galveston Subsidence District's investment in capital assets for its governmental activities, as of December 31, 2025, amounts to \$1,916,763 (net of accumulated depreciation and amortization). This investment in capital assets includes land, buildings and improvements, equipment and furniture, vehicles, and right-to-use equipment. The total increase in the District's investment in capital assets, for the current year, was less than 19.0%.

A summary of capital assets, as of December 31, 2025 and 2024, is as follows:

**HARRIS-GALVESTON SUBSIDENCE DISTRICT** *Table A-5*

Vehicles	108,513	90,680
Right-to-use equipment	13,556	24,400
	<u>\$ 1,916,763</u>	<u>\$ 1,619,894</u>

Additional information on the District's capital assets can be found in Note 4 to the basic financial statements of this report.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)**

**Financial Analysis of Governmental Funds**

The focus of the District's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing Harris-Galveston Subsidence District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of the close of the current year, the District's governmental funds reported combined ending fund balances of \$14.44 million, an increase of \$413 thousand from the prior year.

The General Fund is the chief operating fund of Harris-Galveston Subsidence District. At the end of the current year the fund balance of the General Fund was \$4.97 million, a decrease of \$473 thousand from the prior year. The General Fund had a budgeted deficit for 2025, this was due in part to increased capital expenditures including upgrading office building duct work and purchasing a new District vehicle for well inspections.

The Water Conservation Program (WCP) Fund is utilized to account for the water conservation efforts of the District. At the end of the current year, the fund balance of the WCP Fund was \$3.82 million, an increase of \$186 thousand from the prior year. During the year WCP sponsorship revenue increased by nearly \$500 thousand over the prior year, this was due to increased enrollment in the school program. In addition, the grant program issued nearly \$123 thousand of cost matching awards during the year for water conservation efforts in Harris and Galveston counties.

The Science and Research Fund is used to account for disincentive fee revenue received by the District and Science and Research related expenditures. At the end of the current year, the fund balance of the Science and Research Fund was \$5.65 million, an increase of nearly \$700 thousand from the prior year. Compromise and settlement revenue totaled \$650 thousand during the current year, which was an increase of \$300 thousand over the prior year. In addition, the fund purchased new GPS receivers for equipment upgrades at the District's monitoring sites.

**General Fund Budgetary Highlights**

The adopted budget for the 2025 year set general fund revenues at \$4.72 million, a \$359 thousand increase from 2024 actual revenues. Budgeted expenditures in 2025 were set at \$5.34 million, a \$873 thousand increase from 2024 actual.

During the 2025 year, actual revenues were less than budgeted by \$495 thousand. This was primarily due to permit fee revenue, application fee revenue, and compromise and settlement revenue ultimately coming in under budget.

Total expenditures in 2025 were under budget by \$327 thousand. This was due in part to the District's actual health care premium expenditure coming in at \$115 thousand under the budgeted amount. In addition, capital outlay vehicles expenditures came in under budget as only one vehicle was purchased.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)**

**Economic Factors and Next Year's Budgets and Rates**

On November 12, 2025, the District adopted its 2026 budget, which represents a 9% decrease in revenues and a 5% decrease in expenditures when compared to the 2025 approved budget.

District disincentive fee billing rates for the 2026 year increased when compared with the rates established in the prior year. An increase of 3% was applied to the disincentive fee rate, which is indexed on an annual basis to the City of Houston rate for treated water (TU 91).

Below is a comparison of the 2026 budget with 2025 actual revenues and expenditures:

<b>HARRIS-GALVESTON SUBSIDENCE DISTRICT</b>		<i>Table A-6</i>	
<b>General Fund Budget (in thousands)</b>			
	2025	2026	Increase
	Actual	Budget	(Decrease)
Revenues	\$ 4,224	\$ 4,285	1%
Expenditures	4,697	5,090	8%
Revenues over expenditures	<u>\$ (473)</u>	<u>\$ (805)</u>	

**Requests for Information**

This financial report is designed to provide a general overview of the Harris-Galveston Subsidence District's finances for all those with an interest in the government's finances. Questions concerning any of the information in this audit or other District financial statements should be directed to either the General Manager or the Finance Director at Harris-Galveston Subsidence District, 1660 West Bay Area Blvd, Friendswood, TX 77546.

<b>Net change in fund balance</b>	(472,981)	186,334	699,279	412,632
<b>Fund balances at beginning of year</b>	<u>5,444,488</u>	<u>3,629,678</u>	<u>4,955,949</u>	<u>14,030,115</u>
<b>Fund Balances at end of year</b>	<u>\$ 4,971,507</u>	<u>\$ 3,816,012</u>	<u>\$ 5,655,228</u>	<u>\$ 14,442,747</u>

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND**  
**CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES**  
*For the Year Ended December 31, 2025*

Net change in fund balances - total governmental funds:	\$ 412,632
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Repayment of debt principal is an expenditure in the governmental funds, but repayment reduces long-term liabilities in the Statement of Net Position.	11,297
Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation/amortization expense for the period.	
Capital outlay in the current period	545,871
Depreciation/amortization in the current period	(249,002)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	
Change in accrued compensated absences	<u>(27,191)</u>
<b>Change in Net Position of governmental activities</b>	<b><u>\$ 693,607</u></b>

See accompanying Notes to Financial Statements.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 1 - Summary of Significant Accounting Policies**

**A. Reporting Entity**

The District was created by a special act of the Texas Legislature under Article 16, Section 59 of the Texas Constitution (the “Act”). The Act provides that the District is responsible for the regulation of the withdrawal of groundwater within the boundaries of Harris and Galveston Counties for the purpose of ending subsidence in those areas. Persons or entities operating or drilling water wells are required by the Act to apply for a permit.

The District’s Board of Directors is responsible for the approval and issuance of permits and the rate of permit fees. Fees are based on the permit term and the maximum annual amount of groundwater authorized to be withdrawn from the well.

Permit fees collected by the District are used to cover the costs of issuing permits and performing other regulatory functions under the Act.

The District considers water conservation education to be an important component to fulfilling its mission and accordingly administers a water conservation program.

The District is governed by an appointed board and is considered a primary government. As required by generally accepted accounting principles, these basic financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations or functions as part of the District’s financial reporting entity. No other entities, organizations or functions have been included in the District’s financial reporting entity. Additionally, as the District is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Considerations regarding the potential for inclusion of other entities, organizations or functions in the District’s financial reporting entity are based on criteria prescribed by generally accepted accounting principles. These same criteria are evaluated in considering whether the District is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining the District’s financial reporting entity status is that of a primary government are: that it has a separate governing body; it is legally separate; and it is fiscally independent of other state and local governments. Additional prescribed criteria under generally accepted accounting principles include: considerations pertaining to organizations for which the primary government is financially accountable; and considerations pertaining to other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The governmental accounting standards board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District’s significant accounting policies are described in the following notes.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 1 - Summary of Significant Accounting Policies (continued)**

**B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information about the District as a whole. These statements include all nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular segment.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recognized when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available if they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current period.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences, claims and judgments, are recorded only when payment is due.

The pension trust fund and the custodial fund are reported using the economic resources measurement and the accrual basis of accounting.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
*NOTES TO FINANCIAL STATEMENTS (continued)*

**Note 1 - Summary of Significant Accounting Policies (continued)**

The District reports the following major governmental funds:

The *General Fund* is used to account for all financial transactions that are not accounted for in another fund. The principal source of revenue of the General Fund is permit fees, net of refunds. Expenditures are for general government purposes.

The *Water Conservation Fund* accounts for revenue sources that are restricted to expenditures for interlocal agreements with business and governmental entities which participate in the water conservation project.

The *Science and Research Fund* accounts for a disincentive fee applied to permitted groundwater withdrawals that exceed designated percentages of a permit holders' total water demand for permit holders who fail to meet the regulatory requirements in Regulatory Areas 1, 2 and 3. The funds will be used to support subsidence related projects aimed to minimize subsidence and ensure the long term viability of all the water resources within the District, as outlined in the Science and Research Plan.

Additionally, the District reports the following fund types:

The *Pension and Other Post-Employment Benefit Trust Funds* are used to account for the activities of the District's Qualified Pension Plan 401(a) and the District's Retirement Health Savings Plan, which accumulate resources for pension benefit payments to qualified employees.

The *Custodial Fund* is used to account for the activities of the Groundwater Management Area #14, which is administered by the Harris-Galveston Subsidence District.

**D. Cash and investments (Cash Equivalents)**

The District's cash and investments consist of petty cash, checking accounts and amounts in demand deposits and short-term investments with a maturity date within two years of the date acquired by the District.

Investments are recorded at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

The District categorizes fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**

**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 1 - Summary of Significant Accounting Policies (continued)**

**E. Receivables**

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. The allowance is based on a review of outstanding receivables at year end and the likelihood of collection on those receivables.

**F. Due to and from Other Funds**

Interfund receivables and payables that arise from interfund transactions are recorded by all funds affected in the period in which the transactions are executed.

**G. Capital Assets**

Capital assets are reported in the governmental activities column in the government-wide financial statements. The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of three years. All purchased fixed assets are valued at cost where historical records exist. Donated fixed assets are valued at their estimated fair value on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements and equipment are capitalized. Capital assets are depreciated/amortized over their remaining useful lives using the straight-line method as follows:

<u>Asset</u>	<u>Useful Life</u>
Buildings	20-50 years
Machinery and Equipment	4-10 years
Intangible Assets	5 years
Right-to-Use Leased Assets	Lease term

**H. Unearned Revenues**

Unearned revenues include prepaid permit fees and permit fees assessed for the 2026 year end.

**I. Long Term Liabilities**

Compensated Absences - Employees earn vacation based on years of service with the District and may accumulate unused time up to a maximum of 40 to 80 hours. In accordance with GAAP, the liability for accumulated vacation, as of December 31, 2025, has been recorded as a liability in the Government-Wide Statement of Net Position.

Leases – The District is lessee for non-cancellable leases and equipment. The District recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements. Lease liabilities are recognized with an initial, individual value of \$5,000 or more. At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Thus, the lease asset is amortized on a straight-line basis over its useful life.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 1 - Summary of Significant Accounting Policies (continued)**

**J. Fund Balance Flow Assumptions**

The District's governmental fund balances are classified as follows:

- Nonspendable – includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.
- Restricted – includes amounts restricted by external sources or by constitutional provision or enabling legislation.
- Committed – amounts that can be set aside for a specific purpose by formal action taken by the Board.
- Assigned – amounts that can be intended for a specific purpose that do not meet the definition of committed or restricted. Per the Board policy, amounts can be authorized by the General Manager.
- Unassigned – includes amounts that have not been assigned to other funds or restricted or committed to a specific purpose within the General Fund.

It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of committed, assigned, unassigned fund balance.

**K. Net Position Flow Assumptions**

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

**L. Use of estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual amounts could vary from those estimates.

**M. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**N. Implementation of New Accounting Standards**

GASB issued Statement No. 102, Certain Risk Disclosures, in December 2023. The primary objective of this Statement is to provide users of the governmental financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. The requirements of this statement were implemented in 2025 and did not have a material impact on the financial statements.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 2 - Cash and Investments**

Cash and investments consist of checking and time deposit accounts, certificates of deposits, and government securities. The information presented below is for the primary government of the District. Information for the deposits held in the Pension and Other Post-Employment Benefits Fund can be found in their respective note disclosures. The policies and risks associated with the deposits of \$784 in the Custodial Fund do not differ from those of the primary government.

At December 31, 2025, cash and investments consisted of the following:

	<u>Governmental Activities</u>	<u>W.A.M. (Days)</u>	<u>Percentage of Total Deposits</u>
<b>Cash</b>			
Checking accounts	\$ 7,886,677		55.74%
Petty Cash	360		0.01%
<b>Total Cash</b>	<u>7,887,037</u>		<u>55.75%</u>
<b>Investments</b>			
Certificates of Deposits	6,060,000	287	42.84%
Government securities	200,000	28	1.41%
<b>Total Investments</b>	<u>6,260,000</u>		<u>44.25%</u>
Total Cash and Investments	<u>\$ 14,147,037</u>		<u>100.00%</u>

Investments fall under the level 1 input category.

**Investment Policies**

The District is authorized by state statutes to invest in the following: (1) obligations of the United States or its agencies and instrumentalities, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) certificates of deposit obtained through a depository institution that has its main office or branch office in Texas and that contractually agrees to place the funds in federally insured depository institutions in accordance with the conditions prescribed in Section 2256.01(a) and (b) of the Public Funds Investment Act (PFIA), and (4) certain qualified local government investment pools.

As of December 31, 2025, the District’s investments consist of certificates of deposits and obligations of the United States.

**Deposits**

**Custodial Credit Risk:** In the case of deposits, custodial credit risk is the risk that in the event of bank failure, the District’s deposits may not be returned to it. State statutes require that all amounts deposited in financial institutions be covered by federal depository insurance and if necessary pledged collateral. The types of collateral to be pledged to secure District funds are stated in state statutes. The District’s deposits, including investments, at December 31, 2025 were secured by depository insurance or by collateral held by a third-party custodian in the District’s name, and thus were not exposed to custodial credit risk. The District’s total deposits at December 31, 2025 were \$14,147,037.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 2 - Cash and Investments (continued)**

**Interest Rate Risk:** Interest rate risk is the risk that changes in interest rates may adversely affect the value of investments. The District addresses interest rate risk by limiting investments to a maturity of two years or less. All of the District’s time deposits at December 31, 2025 will mature within the next two years.

**Credit Risk:** State law limits investments in all categories to top ratings issued by nationally recognized rating agency. The District’s policy limits investments to obligations of the United States or its agencies, direct obligations of the State of Texas or its agencies and local government investment pools. At December 31, 2025, the District has no investments exposed to credit risk.

**Concentration of credit risk:** The District’s investment policy calls for diversification of the portfolio, but does not specify limits. At December 31, 2025, time deposits made up approximately 44% of the District’s cash and temporary investments.

**Note 3 – Receivables**

Amounts recorded as receivables as of December 31, 2025, for the government’s individual major funds, including the applicable allowance for uncollectible accounts, are as follows:

	General	Water Conservation Program	Science and Research	Total
Receivables				
Permit fees	\$ 1,092,489	\$	\$ 584,550	\$ 1,677,039
Compromise and settlement	33,396		222,666	256,062
Water conservation program		158,194		158,194
Accrued interest	38,182		9,275	47,457
Other	7,500			7,500
Gross Receivables	1,171,567	158,194	816,491	2,146,252
Less: Allowance for doubtful accounts	(5,077)		(106,420)	(111,497)
Net Receivables	<u>\$ 1,166,490</u>	<u>\$ 158,194</u>	<u>\$ 710,071</u>	<u>\$ 2,034,755</u>

As of December 31, 2025, an allowance of \$5,077 has been recorded for compromise and settlement permit fee receivables in the General Fund. In addition, an allowance of \$106,420 has been recorded in the Science and Research Fund for disincentive permit fee and compromise and settlement fee receivables.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 4 - Capital Assets**

A summary of activity for capital assets, for the year ended December 31, 2025, follows:

	Balance 12/31/2024	Additions / Reclassifications	Retirements / Reclassifications	Balance 12/31/2025
<b>Capital assets not being depreciated/amortized</b>

Buildings	(997,786)	(83,305)		(1,081,091)
Machinery and equipment	(1,347,490)	(73,566)		(1,421,056)
Office equipment and furniture	(325,944)	(47,174)		(373,118)
Vehicles	(88,324)	(34,113)		(122,437)
<b>Total accumulated depreciation/amortization</b>	<u>(3,047,153)</u>	<u>(249,002)</u>		<u>(3,296,155)</u>
<b>Total capital assets being depreciated/amortized, net</b>	<u>1,394,262</u>	<u>296,869</u>		<u>1,691,131</u>
<b>Total capital assets, net</b>	<u>\$ 1,619,894</u>	<u>\$ 296,869</u>	<u>\$</u>	<u>\$ 1,916,763</u>

Depreciation/amortization expense for the current year was charged to the groundwater management function.

**Note 5 - Compensated Absences**

A liability for earned but unused vacation and sick leave as of December 31, 2025, for has been recorded in the statement of net position. Compensated absences are liquidated by the general fund. A summary of the change in compensated absences for the period ended December 31, 2025, follows:

Compensated absences

Balance, beginning of year	\$ 228,760
Addition	44,119
Reduction	(16,928)
<b>Balance, end of year</b>	<u>\$ 255,951</u>

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 6 - Pension Plan**

The District has established the Harris-Galveston Subsidence District Qualified Pension Plan 401(a) (the “Plan”). The Plan covers all employees and board members. The Board of Directors appointed MissionSquare Retirement to serve as Plan Administrator and trustee. All employees are eligible to participate in the Plan upon employment. All board members are eligible to participate in the Plan upon appointment to the board. The Plan qualifies as a fiduciary activity under GASB 84, *Fiduciary Activities*, due to the District’s control over the funds of the Plan. Control by the District was determined as a portion of the funds are not fully vested until certain requirements are met.

The Plan provides for a minimum District contribution of 15% of total current covered payroll. Contributions are funded twice a month. Under the terms of the Plan, active participants, as of August 1, 1996, are 100% vested. Participants eligible, after August 1, 1996, become 100% vested on the fifth anniversary of employment. Participants are eligible for payment of benefits upon reaching age 65, becoming disabled or separating from service for any other reason. Benefits are distributed in accordance with the instructions of the participants.

At December 31, 2025, all of the District’s employees and board members were members of the Plan. Non-vested contributions are immaterial to total contributions at December 31, 2025. Vested contributions are solely the possession of participating employees.

At December 31, 2025, the total plan assets were \$8,605,025. The assets belong to the Plan and are included as fiduciary funds in the financial statements of the District. The assets are self-directed by participants into available investments and were allocated as follows as of year-end:

	<b>Balance</b>	<b>Percent of Assets</b>
Stable Value/Money Market Funds	\$ 2,391,041	28%
Bond Funds	7,042	0%
Balanced Funds	4,609,955	54%
U.S. Stock Funds	1,581,227	18%
International Stock Funds & Specialty	15,760	0%
	<u>\$ 8,605,025</u>	<u>100%</u>

Total current payroll expenditures for employee salaries and board member per diem was \$2,121,022 and \$60,300 respectively for the year ended December 31, 2025, all of which was covered under the Plan. District contributions to the Plan, for the year ended December 31, 2025 were \$327,198 which represents the required District contribution of 15 percent. In addition, as of December 31, 2025, there was no balance in the Plan forfeiture account.

**Note 7 - Deferred Compensation Plan**

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is available to all employees upon employment, and permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The plan is administered by MissionSquare Retirement. The Plan does not qualify as a fiduciary activity under GASB 84, *Fiduciary Activities*, as the District does not have control over the funds deposited into the deferred compensation plan.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 8 - Retirement Health Savings Plan**

The District offers a Retirement Health Savings Plan (RHS Plan) to provide reasonable security for health needs during retirement. The plan was established on November 8, 2000, by the Board of Directors. Full time employees who are not eligible for retirement health benefits under the District’s employee benefit plan are eligible for the retirement health savings plan. Employees are eligible for participation after one year of service. At December 31, 2025, the District had 23 employees, with 21 eligible and participating in the plan. The Plan qualifies as a fiduciary activity under GASB 84, *Fiduciary Activities*, due to the District’s control over the funds of the Plan. Control by the District was determined as a portion of the funds are not fully vested until certain requirements are met.

The RHS Plan provides for a District contribution of \$1,500 plus 1% of previous year’s pay for the plan year. The District will also contribute any accrued vacation in excess of two weeks (up to 80 hours) that remains unused at the end of the year for employees with over 15 years of service. Under the RHS Plan, an employee will be 100% vested on the fifth anniversary of plan participation. A participant is eligible to receive benefits at retirement age of 62.

District contributions to the plan, for the year ended December 31, 2025, were \$49,210, which includes the District’s required contribution as well as additional contributions for unused vacation hours.

At December 31, 2025, the total plan assets were \$1,821,610. The assets belong to the Plan and are included as fiduciary funds in the financial statements of the District. The assets are self-directed by participants into available investments and were allocated as follows as of year-end:

	<b>Balance</b>	<b>Percent of Assets</b>
Stable Value/Cash Management Funds	\$ 460,791	25%

**Note 9 - Risk Management**

The District is exposed to various risks related to torts: theft of, damage to and destruction of assets; errors and omissions and natural disasters. The District’s risk management program encompasses various means of protecting the District against loss by obtaining property, casualty and liability coverage through commercial insurance carriers and from participation in a risk pool. The participation of the District in the risk pool is limited to the payment of premiums. Settled claims have not exceeded insurance coverage in any of the previous three years. There has not been any significant reduction in insurance coverage from that of the previous year.

**Note 10 - Health Insurance**

Employees of the District are covered by a fully insured health care plan. In the current year, the District covered the health insurance premium at a rate of 80 - 90% based on the coverage plan elected with the employee covering the remaining 10 - 20% of the annual premium.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 11 - Interlocal Agreements**

**Fort Bend Subsidence District Administration**

In September 1989, the Fort Bend Subsidence District (FBSD) was established by Article 16, Section 59 of the Texas Constitution. FBSD is an autonomous legal entity that is responsible for the regulation of ground water withdrawal in Fort Bend County. Pursuant to an interlocal agreement between the FBSD and the District, the District is responsible for performing substantially all of the administrative functions associated with the conduct of FBSD's operations. Accordingly, the District provides FBSD with personnel, research services and billing services.

In exchange for these services, FBSD paid the District \$357,700 and reimbursed expenditures of \$196,456 for the year ended December 31, 2025.

**Water Conservation Project**

The District has entered into interlocal agreements with local businesses and governmental entities to participate in a water conservation project. The project is designed to achieve water conservation through the retrofit of plumbing fixtures combined with a strong educational program administered through public schools. The District has agreed to coordinate and administer the project. The entities have agreed to sponsor the program by contributing \$38.00 for each student participating in the project. As the revenue received is restricted to a specific use, the District has established a special revenue fund to record revenue and expenditures related to the water conservation project.

The amount reported as restricted at December 31, 2025 is for the water conservation project due to contractual obligations related to the sponsor interlocal agreement.

**Groundwater Management Area #14 (GMA-14)**

The Texas Water Code, Chapter 36, Section 36.108 requires groundwater management areas to be created and water districts within the groundwater management area to meet at least annually to conduct joint planning, and to review the management plans, the accomplishments of the management area, and proposals to adopt new or amend existing desired future conditions. The District is a participant within the GMA-14. At the GMA-14 meeting held on July 25, 2018, the GMA-14 representatives made a motion to select the District as the contracting entity responsible for entering into a contractual agreement with the consulting engineer in accordance with the scope of work outlined within the interlocal agreement. The motion carried unanimously and the District took over administrative custodial duties of the GMA-14.

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**

**NOTES TO FINANCIAL STATEMENTS (continued)**

**Note 12 – Leases**

Prior to January 1, 2022, the District entered into a 63 month lease as lessor for the use of equipment. An initial lease payable was recorded in the amount of \$56,932. As of December 31, 2025, the value of the lease liability is \$14,938. The District is required to make monthly fixed payments of \$1,029. The value of the right-to-use equipment as of December 31, 2025 was \$13,556, and the District recognized amortization expense of \$10,844 during the fiscal year related to the use of the leased equipment.

A lease liability as of December 31, 2025, for the right-to-use equipment has been recorded in the statement of net position. The lease liability is liquidated by the general fund. A summary of the change in the lease liability for the period ended December 31, 2025, is as follows:

**Lease Liability**

Balance, beginning of year	\$ 26,235
Reduction	\$ (11,297)
Balance, end of year	\$ 14,938

The future principal and interest lease payments as of December 31, 2025, are as follows:

<u>FY</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 11,875	\$ 477	\$ 12,352
2027	\$ 3,063	\$ 26	\$ 3,089
	\$ 14,938	\$ 503	\$ 15,441

**HARRIS-GALVESTON SUBSIDENCE DISTRICT**

***NOTES TO REQUIRED SUPPLEMENTARY INFORMATION***

**General Budget Policies**

The budget is prepared using the same method of accounting as for financial reporting. An annual appropriations budget for the General Fund is prepared and approved by the Board of Directors. Amendments to the budget require Board of Directors approval. In the current year there was one budget amendment to the Building improvements capital outlay account. The budgeted amount was increased by \$47,000 through Resolution No. 2025-1132 passed on July 9, 2025.

Amounts budgeted for projects but not spent in the current year are considered to be carried forward to the next year. In the current year, there were no budget amounts carried forward.

**OTHER SUPPLEMENTARY INFORMATION**

### **Pension and Other Post-Employment Benefit Funds**

***Harris-Galveston Subsidence District's 401 (a) Pension Plan*** – to account for assets held for retirement benefits for current and retired members of the District's employees and board members. The Plan is administered by MissionSquare Retirement.

***Harris-Galveston Subsidence District's Retirement Health Savings Plan*** – to account for assets held for retirement health benefits for current and retired members of the District's employees and board members. The Plan is administered by MissionSquare Retirement.
